

1 Unpack or Not Unpack?

01 For frequent **travelers**, it's a constant consideration: Is it worth
02 unpacking your **suitcase** while on the **road**, only to pack it up
03 again? Or maybe it's not a question that's considered, but a
04 deeply ingrained habit similar to always checking a bag, or
05 preferring the **window** over the **aisle** seat or setting aside
06 certain outfits for certain travel days.
07 I started thinking about unpacking this **fall**, in the middle of a
08 two-month trip through Turkey and Georgia. A dedicated
09 live-out-of-my-suitcase traveler, I found myself anticipating, no,
10 craving, the moment when I'd arrive in Tbilisi, where my
11 **husband** and I would be staying for a couple of weeks. I
12 couldn't wait to unpack.
13 "Unpacking, literally, is a way for people to get control of their
14 surroundings," said Dr. Jean Kim, a **psychiatrist** and a
15 professor at George Washington University who has written on
16 travel and mental health. "When you're traveling, the suitcase
17 is a piece of you — it's your life going along with you."
18 A highly informal **poll** conducted in my social networks
19 revealed that not only do people take very different approaches
20 to unpacking, but they feel very strongly about their **choices**.
